## PROFESSIONAL SUMMARY

Information Systems student with hands-on experience leading cross-functional teams, prototyping in Figma, and delivering digital products from concept to stakeholder presentation. Led real-world projects in partnership with Banco do Brasil and Porto Digital, consistently meeting deadlines. Seeking an internship or entry-level position in UX/UI, Product Design, or Android Development.

## EDUCATION

### B.S. in Information Systems (Análise e Desenvolvimento de Sistemas)

Catholic University of Brasília (UCB) · Brasília, Brazil · Mar/2024 – Jul/2026 (expected)

## PROFESSIONAL EXPERIENCE

### Administrative Assistant (Internship) | Federal Highway Police (PRF)

Brasília, Brazil · May/2025 – Oct/2025

- Provided internal support, resolving user requests and ensuring correct use of systems.
- Managed physical and digital documents, improving information accessibility.
- Built and maintained spreadsheets and management reports supporting decision-making.
- Updated performance management system data, ensuring integrity and reliability.
- Revised and translated institutional documents, ensuring clarity and standardization.

## PROJECTS

### Project Lead — BB Micofin | Porto Digital / UCB

Brasília, Brazil · Aug/2024 – Jul/2025

[github.com/Gabez19/bb-micofin](https://github.com/Gabez19/bb-micofin)

- Led a cross-functional team of 6, delivering **100% of milestones on time** using Agile methodology.
- Designed a **gamification system** with missions and rewards, increasing user engagement.
- Presented to Banco do Brasil and Porto Digital stakeholders, earning validation and recognition.

### Project Lead — Polui Menos | Porto Digital / UCB

Brasília, Brazil · Mar/2024 – Aug/2024

- Coordinated development of a mobile app prototype for mapping urban pollution hotspots.
- Applied UX/UI best practices and presented the solution to strategic stakeholders.

### Volunteer Coordinator — Digital Literacy for Seniors | UCB

Brasília, Brazil · Aug/2024 – May/2025

- Taught **30+ seniors** to use digital tools, significantly increasing their digital independence.
- Adapted content for varying skill levels, ensuring inclusion and accessibility for all participants.
